

“WOMENforINDIA Foundation is an endeavor led by a woman and a team of young generation change makers, who aspires to see India as a clean and green nation. She is optimistic for India becoming a "Sone ki chidiya" where every citizen is prosperous and happy. An avid reader and traveler, her interest in sustainable development made her incorporate WFI foundation. WFI Foundation is a growing team of change makers and environment-conscious young generation entrepreneurs. We are working on Sustainable development goals as mandated by the United Nation. The primary focus areas are SDG#3 "Good Health and Well-being, SDG#5 Gender Equality, SDG#6 "Clean Water and Sanitation", and SDG#11 "Sustainable Cities" SDG#13 "Climate Action" and GOAL 14: Life Below Water. We are a non-profit, think tank, dedicated to strengthening the amalgamation of traditional Indian values and latest technology. WFI Foundation advocates policies that lead to higher levels of transparency in the growth of our country. We play a crucial role in educating Indian women, students, adults on the role they can play in making our society a better world to live in every aspect. WFI Foundation is an attempt to include Indian women in spearheading mainstream awareness on matters that are related to the overall development of India as a sustainable society. Every Indian is our member and is welcome to share their opinion on matters of our concern.”

Green Hotels

WOMENforINDIA is dedicated to strengthening the amalgamation of traditional Indian values and latest technology. WFI is working on a concept called “Green Hotel Program”. We work on the vision of sustainability and Sustainable Development Goals of the United Nation. Green Hotel Program is an innovative program which aims at reducing the C-footprint of hotel industry by making small but significant changes.

Watch here..

Green Hotel and Sustainable Tourism Summit

WOMENforINDIA conducted a big summit with industry experts from Hotel and tourism industry who spoke of the best practices and role of women in achieving them.

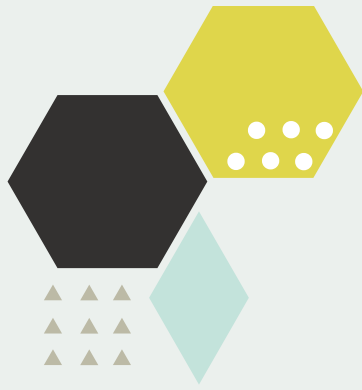

The two panel discussions were on :
1) Why is it important for hotels to go green?
2) Sustainable tourism and role of women in achieving it.

Our panelist deliberated on the above topics. few important observations came up which were highlighted.

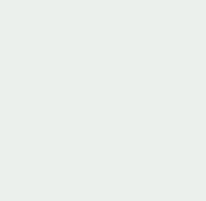

They shared the best practices adopted by the industry as well as the challenges that the industry was facing.

Our founder, Ms Shalini Goyal Bhalla, shared how India is going to witness an increase in both domestic as well as international tourism in the coming years. She highlighted the increasing gap between supply and sustainable supply in the industry.
